

ENVIRONMENTAL GUIDELINES FOR ESTABLISHMENTS
OF THE MONTE-CARLO SOCIÉTÉ DES BAINS DE MER GROUP

MONTE-CARLO BAY HOTEL & RESORT

ENVIRONMENTAL MANAGEMENT & CERTIFICATIONS

- 1. **Key step taken:** since obtaining Green Globe certification in 2014, we continuously strive to improve our environmental management ★
- 2. **Our goal:** after achieving Bronze status in the TripAdvisor GreenLeader programme in 2015, we are aiming for Silver status ★
- 3. We are updating actions taken and ensuring their continuity ★

INFORM, INVOLVE AND RAISE AWARENESS OF STAKEHOLDERS

- 4. **Key step taken:** the «Train the trainer» programme, accredited by a specialised organisation, has been offered to all members of the Bay Be Green Team on sustainable development issues ★
- 5. **Our goal:** train and raise awareness of sustainable development issues for all staff ★
- 6. **Our goal:** reduce food waste by participating in the Monte-Carlo Sustainable Development programme (MC2D) ★
- 7. We are raising our clients' awareness to help protect the environment by: ✓
 - presenting measures implemented by the group and/or the establishment
 - encouraging guests to limit their impact on the environment through an awareness campaign in the rooms

ENERGY MANAGEMENT

- 8. **Key step taken:** implementation of energy-efficient lighting ★
- 9. We measure and monitor our energy consumption ✓
- 10. We ensure energy-saving measures are carried out (e.g. lights on the hotel facade are turned off after midnight, floors are closed during low season to cut down on lighting and air conditioning) ★
- 11. Since January 2016, we have consumed 100% green electricity (Egeo contract by the Monte-Carlo Société des Bains de Mer Group) ✓

WATER MANAGEMENT

- 12. **Our goal:** favour the use of water-saving materials in future purchases (e.g. replace kitchen materials and washing machines) ★
- 13. We measure and monitor our water consumption ✓
- 14. We ensure reasonable use of water for our green spaces ★

AIR, ATMOSPHERE AND TRANSPORTATION

- 15. **Key step taken:** we provide guests with two electric charging stations in our car park and Twizzy cars for hire (Mobeo) ★
- 16. **Our goal:** encourage our employees to use alternative transportation methods and car sharing ★
- 17. **Our goal:** carry out a yearly carbon footprint (scopes 1 and 2) in order to quantify the greenhouse gas emissions produced by our activities ✓
- 18. We use clean vehicles such as electric scooters and Twizzy cars ★

BIODIVERSITY

- 19. **Key step taken:** we watch over and protect the Larvotto Marine Reserve that borders our hotel ★
- 20. **Our goal:** raise guests' awareness of the Larvotto Marine Reserve, particularly through activities offered by our Kids Club ★
- 21. **Our goal:** help reintroduce seahorses in the Larvotto Marine Reserve ★
- 22. **Our goal:** limit the use of phytosanitary products and encourage biological pest control solutions in our green spaces ★

GREEN PROCUREMENT

- 23. **Key step taken:** we offer guests water that is filtered on-site (Fresh) ★
- 24. **Our goal:** when available, use mainly eco-label cleaning products ★
- 25. **Our goal:** produce our own vegetables, honey and other specific local culinary products ★
- 26. **Our goal:** offer a menu of organic and fair trade coffees ★
- 27. We try to use eco-label paper products. The Monte-Carlo Société des Bains de Mer Group is Imprim'Vert certified ✓
- 28. We support local agriculture and short food supply chains ★
- 29. We offer our employees weekly delivery of organic products to the hotel ★

WASTE

- 30. **Key step taken:** we collect and recycle fabric and clothing through the association Pacôme ★
- 31. **Our goal:** reduce waste ★
- 32. **Our goal:** recycle organic waste through an appropriate and accredited network in Monaco ★
- 33. We recycle all our waste through the proper channels (glass, paper, plastic, electronic equipment waste (WEEE), hazardous waste, oil, textiles, household linens, shoes, etc.) ★
